

## **WE ARE THE HIGHEST WINERY IN SONOMA COUNTY, ALL MOUNTAIN, ALL RED**

As a premium, boutique winery we offer incredible prices and customer services.

**BobDog Wines** is located at 2000 feet, above the Alexander Valley, and nestled in the middle of *Sky Pine Vineyards*, with its 15 acres of red noble grapes. The heritage of six national awards is now focused in a unique estate program with two brands: **BobDogWines** priced between \$12 and \$24 dollars; and *Sky Pine Vineyards*, priced in the mid \$30's.

Our grape customers over the years have received national awards and sold their ultra premium blends for over \$40 a bottle. Our wines have now achieved two national awards in the largest wine competition held in the United States.

We also offer custom bottling/private labeling of our 2010 Bordeaux style blends to be available late 2012.

Take advantage of our Vineyard and Winery Tours for a personal, sensual experience of all facets of wines from the root to the bottle. For couples or groups, we can fashion a memorable visit.
